

(Fall 2021)

Our drop-in support spaces are led by CAPS counselors via Zoom for undergraduate and graduate students at Long Beach State. Drop-in spaces are not therapy groups but do offer space to connect with other students and feel supported. You are not required to be a client at CAPS to participate, you can join at any time in the semester, it is okay to arrive late or leave early, and you are not expected to attend each meeting. Unless noted otherwise, our drop-in support spaces do not meet during campus holidays, school breaks, or finals week. To request disability-related accommodations to participate, please contact the Bob Murphy Access Center at 562.985.5401 or at bmac@csulb.edu.

---
